Biography

John Baniszewski

John Baniszewski is a Business Manager within the Structure and Evolution of the Universe (SEU) Program and the New Millennium Program (NMP) at NASA's Goddard Space Flight Center. He is responsible for cost estimating, budget development, proposal development, and formulation planning for several of the Projects within the Programs.

He has 25 years of business management experience with such satellite projects as Landsat, Hubble Space Telescope (HST), Earth Observing System (EOS), Tracking & Data Relay Satellite (TDRSS), and the NASA/NOAA Meteorological satellites. Prior to his current position, he served as Procurement Manager for these projects, and was responsible for the negotiation and award of more than \$6B worth of NASA contracts. He also worked directly for Goddard's Procurement Officer as the Center's senior expert in the fields of cost analysis and negotiation. He is very active in NASA's mentoring program. He also conducts leadership training seminars for NASA and other federal agencies, based upon his experience as a Licensed Battlefield Guide at the Gettysburg National Military Park.

Mr. Baniszewski received a Bachelor of Arts degree from Michigan State University. He is a two-time recipient of the Goddard Exceptional Achievement Award, and a five-time recipient of NASA's Acquisition Improvement Award.
